

Good afternoon, Towers Family,
March 22nd, 2024

ADMINISTRATION:

Tower 2 Elevator Update

The five-hundred-pound motor in elevator "A" in Tower 2 has failed. The time it would take to ship it to a repair facility for repair, repair it, and ship it back might coincide with the start time of the installation of the new elevator "A". For this reason, the Board has decided not to spend the additional funds and time to fix the motor.

Thank you, Michael Turner, General Manager and Marshall Crawford, Assistant General Manager
